

CRS SIRRINE

16 July 1984

Mr. Boyd Heslop, Water Commissioner, Ogden River Water Users Association, 276 W. Virginia Avenue, Ogden, UT 84404

MR. HESLOP, thanks for speaking with me on Friday, 13 July.

As I mentioned to you, enclosed is an aerial photo of the site for UTA's Ogden bus maintenance facility. On the aerial photo, we have noted the ditches in the area. Enclosed also is our plan for use of the site.

Please give us your opinion on the following areas:

1. Have we indicated the correct direction of flow for the ditches?
2. Will we be affecting downstream water users?
3. If so, how can we mitigate any impacts?

Thank you very much for your assistance.

Very truly yours,
